**Evaluation**

A. Pre-travel Assignments 5 points  
B. Journal 20 points  
C. Participation 20 points  
D. Assessments 20 points  
E. Final Paper 35 points

*Journal*: Specific analytical and reflective writing assignments will be made at the conclusion of each experience. Students will be expected to maintain a journal throughout the course and utilize them as resources in completing a term paper that will be assigned at the conclusion of the study tour. Notebooks will be randomly checked to verify progress. The major expectations will be that you address (1) academic content, (2) cultural awareness, (3) personal growth. You will be given specific “prompts” to which you should write your journal entries.

*Participation*: Participants will be involved in a variety of adventure sport activities, lectures, discussions and cultural events. All scheduled events are mandatory. Missing an activity will result in a 10 point loss in the participation grade. The safety and well-being of every participant is a top priority at all times. It is expected that every participant will cooperate with the instructors/guides and comply with all safety regulations, procedures and ecological considerations. Students will be expected to “carry their own weight” during the course of study and occasionally be asked to perform logistical duties for the group.

*Assessments*: Will be given at various times throughout the course. All assessments will be related to the objectives of course. *There will be a 10 point assessment during the last mandatory class meeting.*

*Final Paper*: Your topic will be given to you prior to departure or upon arrival in Australia; this is to be a research based paper on the academic content of the course, but may ask you to provide reflection pertaining to the personal and cultural awareness components of the class.

*Late assignments will be penalized 50% of possible points for that assignment.*
